

DARSHAN M

Graduate Engineer Trainee — Software Manufacturing
+91 8431541692 — darshan.m1305@gmail.com — LinkedIn — GitHub

Professional Summary

Motivated Bachelor of Engineering graduate with strong analytical and problem-solving skills. Hands-on experience in Python, C, SQL, Linux fundamentals, databases, testing, debugging and software development through internships and engineering projects. Seeking a Graduate Engineer Trainee role to contribute to manufacturing operations, quality, automation and continuous improvement.

Education

B.E. (CSE - AI ML)	2022–2026
CGPA: 8.1	
PUC (PCMB) – 72.4%	2020–2022
SSLC – 89.2%	2020

Technical Skills

Programming	Python, C, SQL
Databases	MySQL, MongoDB
Operating Systems	Windows, Linux (Ubuntu)
Core Concepts	Data Structures, DBMS, Operating Systems, Computer Networks, OOP
Tools	Git, GitHub, VS Code, MS Excel
Professional Skills	Problem Solving, Debugging, Testing, Documentation, Teamwork

Internship

Applied Data Science Intern – Unlox

- Developed Python-based data processing and automation scripts.
- Performed data validation, preprocessing and documentation.
- Collaborated in project reviews and Agile-based development.

Python Full Stack Intern – KodNest

- Built Python and Flask applications integrated with MySQL.
- Applied OOP, SQL and debugging techniques in application development.

Projects

Secured Organic Farming System

- Developed a web application using Python, Flask and MySQL.
- Implemented authentication, backend modules and database integration.
- Performed testing and debugging to improve application reliability.

Zaayka – Food Delivery Platform

- Built a full-stack prototype during a 24-hour hackathon.
- Implemented backend logic, authentication and order management.
- Used rapid prototyping and collaborated effectively under deadlines.

Automated Candidate Ranking System

- Designed a backend workflow to process and rank candidate profiles.
- Automated data processing and validation.
- Focused on modular design and maintainability.

Certifications

- NPTEL Cyber Security and Privacy
- Google Cloud Data Analytics
- Deloitte Data Analytics Job Simulation
- MongoDB Bootcamp

Achievements

- Runner-Up – CodeStorm 24-hour Hackathon.
- Completed multiple industry-oriented internship projects.
- Shortlisted for Unlox Elite Batch.

Strengths

Quick Learner, Problem Solving, Team Collaboration, Adaptability
